

CANCER CENTER FOR HEALING

## **PRIVATE MEMBERSHIP MEDICAL ASSOCIATION EXPLANATION**

A Private Membership Medical Association has been established at Cancer Center For Healing / Center for New Medicine. All patients are encouraged to become members for a \$10 (one time) membership fee. The purpose of the association is to increase treatment options for patients who opt to become members of the PMA because as private members, patients have more control over how they are treated than if simply under the public regulations.

Patients that decide not to join the PMA will not be able to purchase products at Center for New Medicine's Healthy Living Store and will not be able to receive any integrative therapies and services.

All patients that become members of Cancer Center For Healing / Center for New Medicine's PMA, will receive a \$10 gift card, good for any services or products at Cancer Center For Healing / Center for New Medicine.

If you have any questions, please do not hesitate to ask. We strongly encourage patients to join the PMA, as this will allow the practitioners and staff to offer you more comprehensive treatment options and supplements if needed.
